**Study Safe Corridor TRAVEL SAFE**

**Ontario COVID-19 Test & Transportation Package**

# Mandatory COVID testing

## Ontario requirement

- ✓ The Ontario government requires schools to ensure international students who are in quarantine as a result of having entered Canada within two weeks prior to the start of their studies, are tested for the COVID-19 virus at the end of their 14-day quarantine period.
- ✓ This applies to schools that are Designated Learning Institutions, including primary, secondary and post-secondary levels.

# The Student Travels

## Testing appointment

Upon your purchase of the package, the team at the Student Travels will make all appropriate arrangements at the students nearest available testing centre at the end of their 14-day quarantine period. If hotel reservations need to be extended to accommodate this, we are also able to help to make the process easy for students and to minimize their expenses.

Students will be sent a full confirmation upon booking with all the details of their test and pick up.

## Transportation

Students are picked up via private transfer at their hotel on the day of their test, transferred to their testing facility and returned promptly to their hotel following their test.

Round trip is inclusive of 2 hours of private COVID safe transportation. Drivers follow the strictest of protocols and will remain masked for the duration of the transfer. Vehicles are disinfected prior to and following the transfer.

# Ontario COVID-19 Test & Transportation Package
