Do you have accommodation where you can quarantine for 14 days?

You must have a quarantine plan for the next 14 days.

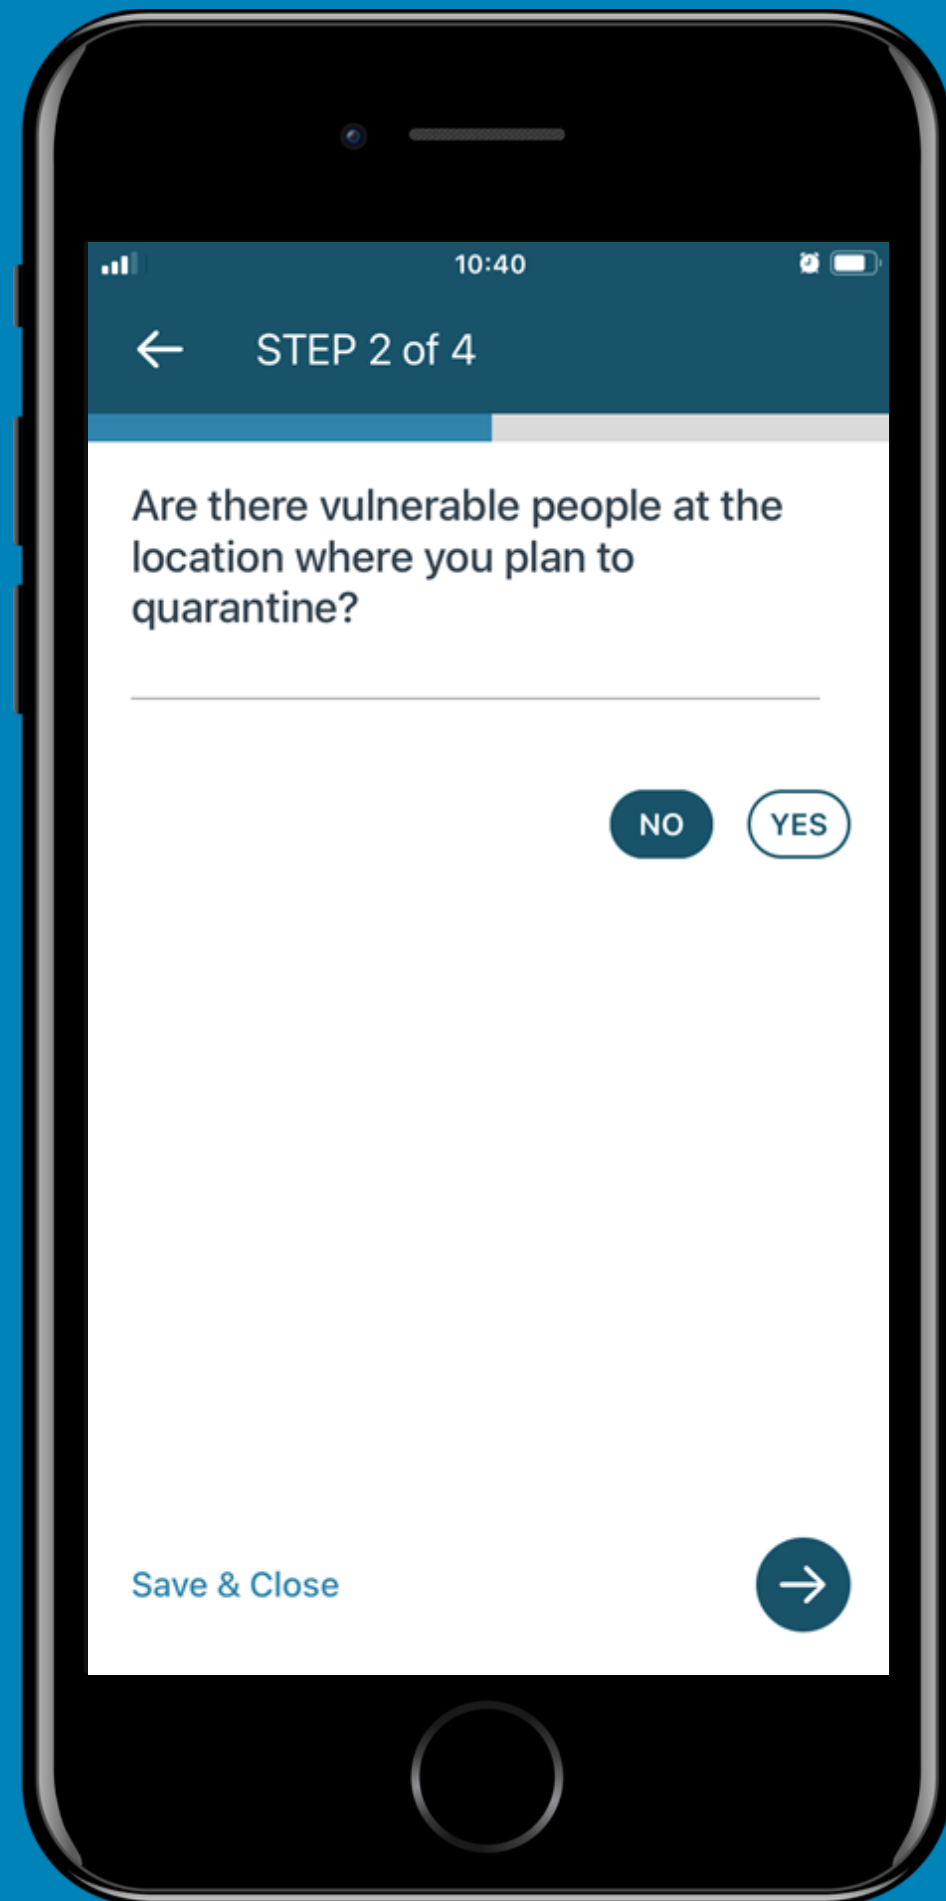

Quarantine means staying home and avoiding situations where you could come in contact with others. Your plan should confirm that you have: a suitable place of quarantine that has the necessities of life for 14 days; private transportation to the premises if possible; access to supplies such as prescriptions, food and cleaning supplies, and other necessary support such as child care. Do not plan to quarantine in a place where you have contact with vulnerable individuals.
